OPINIONS OF PHYSICIANS.

OPINIONS OF PHYSICIANS;

We the undersigned, have had occasion to prescribe and watch the use of the Artesian Water, in a variety of diseases, and we have no besitation in declaring it to be our opinion that it is an exceedingly valuable remedy in many chronic diseases. Those in which its use has been attended with the most marked benefit thus far are, chronic rheumatism, cutaneous affections, and some of the chronic disor ders of the digestive system.

The known chemical elements found in the water of such a nature, and they exist in such states of combination, that we have no doubt it will be found in a more extended experience, in its effects to have as wide a range of applicability in the cure of diseases as any mineral water known.
